Tenant Portal Manual | Version 2.02 | 29 AUG 2026

A photograph of two men in a server room. The man in the foreground is wearing a dark blue shirt and is looking towards the right. The man in the background is wearing a light grey t-shirt and glasses, also looking towards the right. They are both looking at a computer monitor which is partially visible on the right side of the image. The background is filled with server racks and blue lighting.

USER ACCESS (1/1)

E-mail Title: Your Energy@Grid Access Credentials

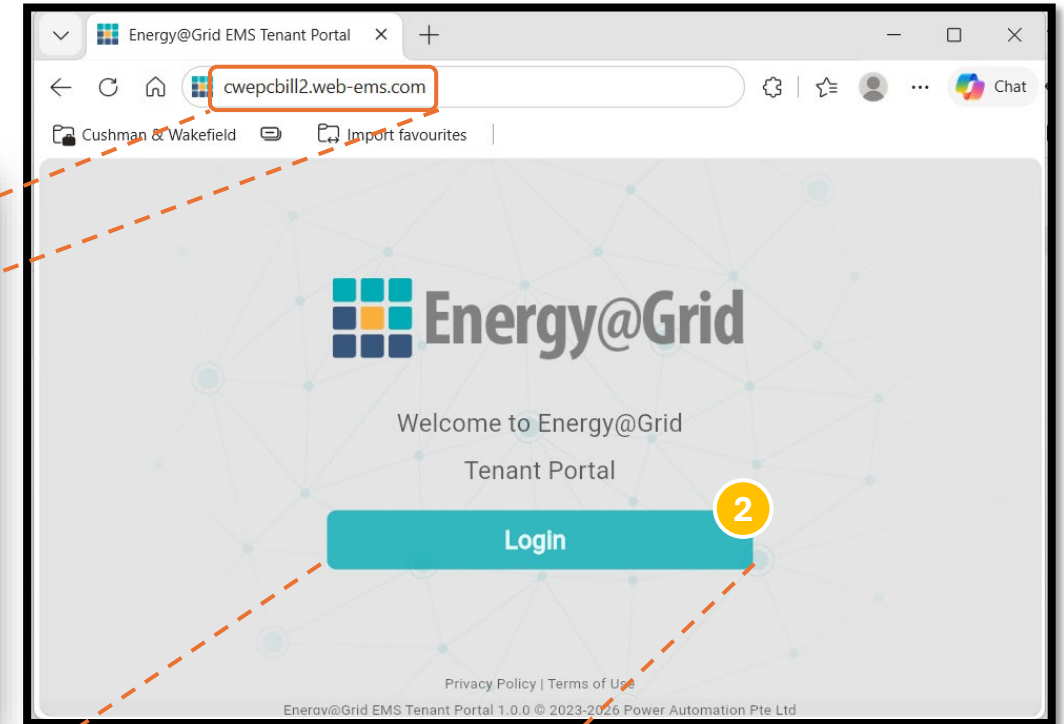

Moving forward, C&W Services Pte Ltd will no longer attach full bill PDFs to our email correspondence. Instead, you will receive a streamlined email notification containing your Tenant Account Number, Invoice Number, and Bill Amount, like a standard SP Group, telco, or credit card statement. You may log into the portal at any time to view, track, or download your detailed bills.

Your Portal Access Credentials:

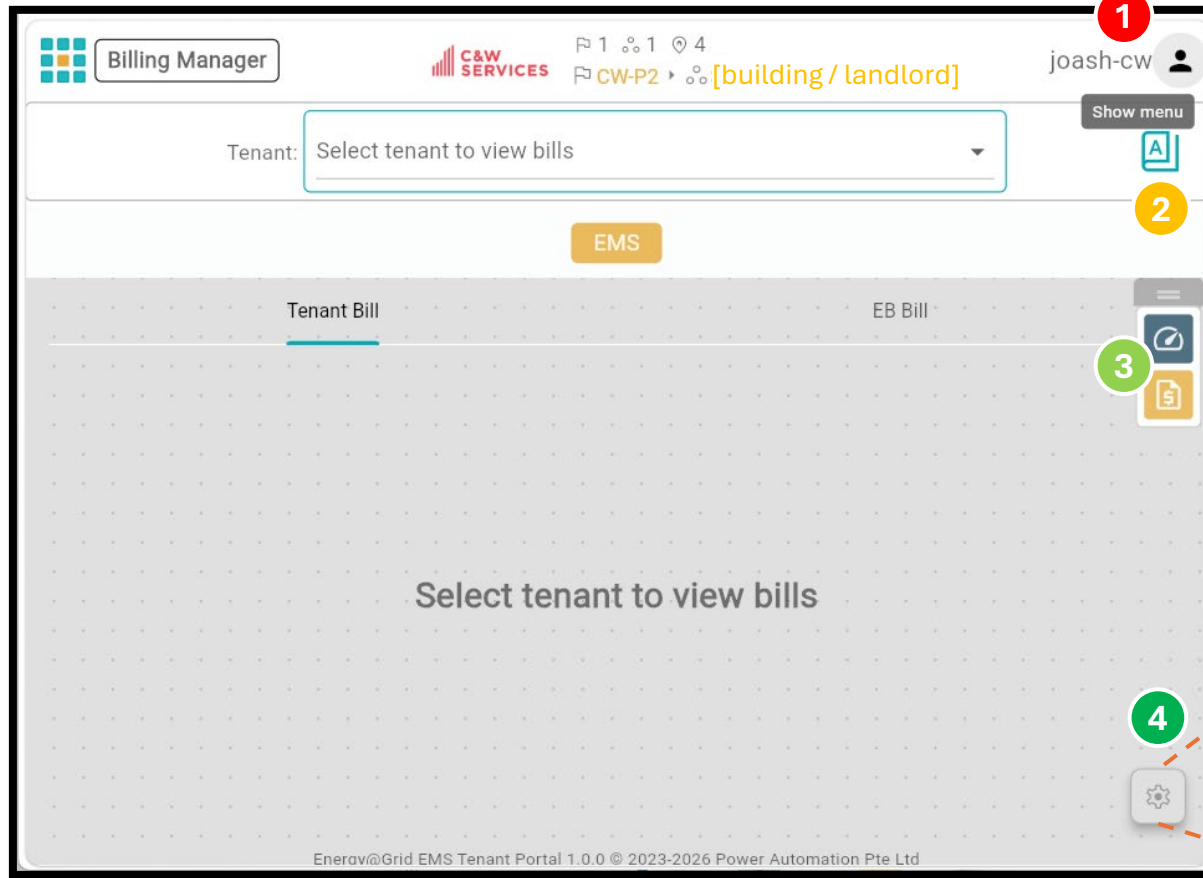

- **URL:** cwepcbill2.web-ems.com 1
(You are advised to bookmark this URL in your browser for quick access)
- **Username:**
- **Password:**

- 1 Copy and paste the URL provided in the e-mail titled: “Your Energy@Grid Access Credentials, press enter
- 2 Select the **Login Button**. The portal will prompt you to enter your C&W designated **username** and **initial password**
- 3 Select the **Login Button**, The system will prompt you to change your password during your first login

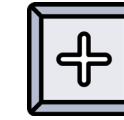

NOTE: Sign in with Microsoft (SSO) is currently limited to Landlords and C&W Admin

This block contains two detailed views of the portal's authentication forms. The left form is the 'Login' page, which has a teal background. It includes input fields for 'Username' and 'Password', a 'Forgot Password?' link, a 'Save Password' checkbox, and a 'Login' button. A green circle with the number '3' is placed over the 'Login' button. Below these fields is a blue button with the Windows logo and the text 'Sign in with Microsoft'. The right form is the 'Reset Password' page, which has a white background. It contains three input fields labeled 'Old Password', 'New Password', and 'Confirm Password'.

PORTAL NAVIGATION (1/3) – LANDING PAGE

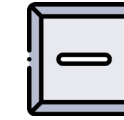

DISPLAY NAVIGATION

Zoom In

**Note: in some instances, key icons are not visible until the screen is sufficiently zoomed out*

Zoom Out*

^Note: when too many fields are chosen, user would need to place cursor on the content table and slide left/right to scroll through selected fields

Slide Left / Right^

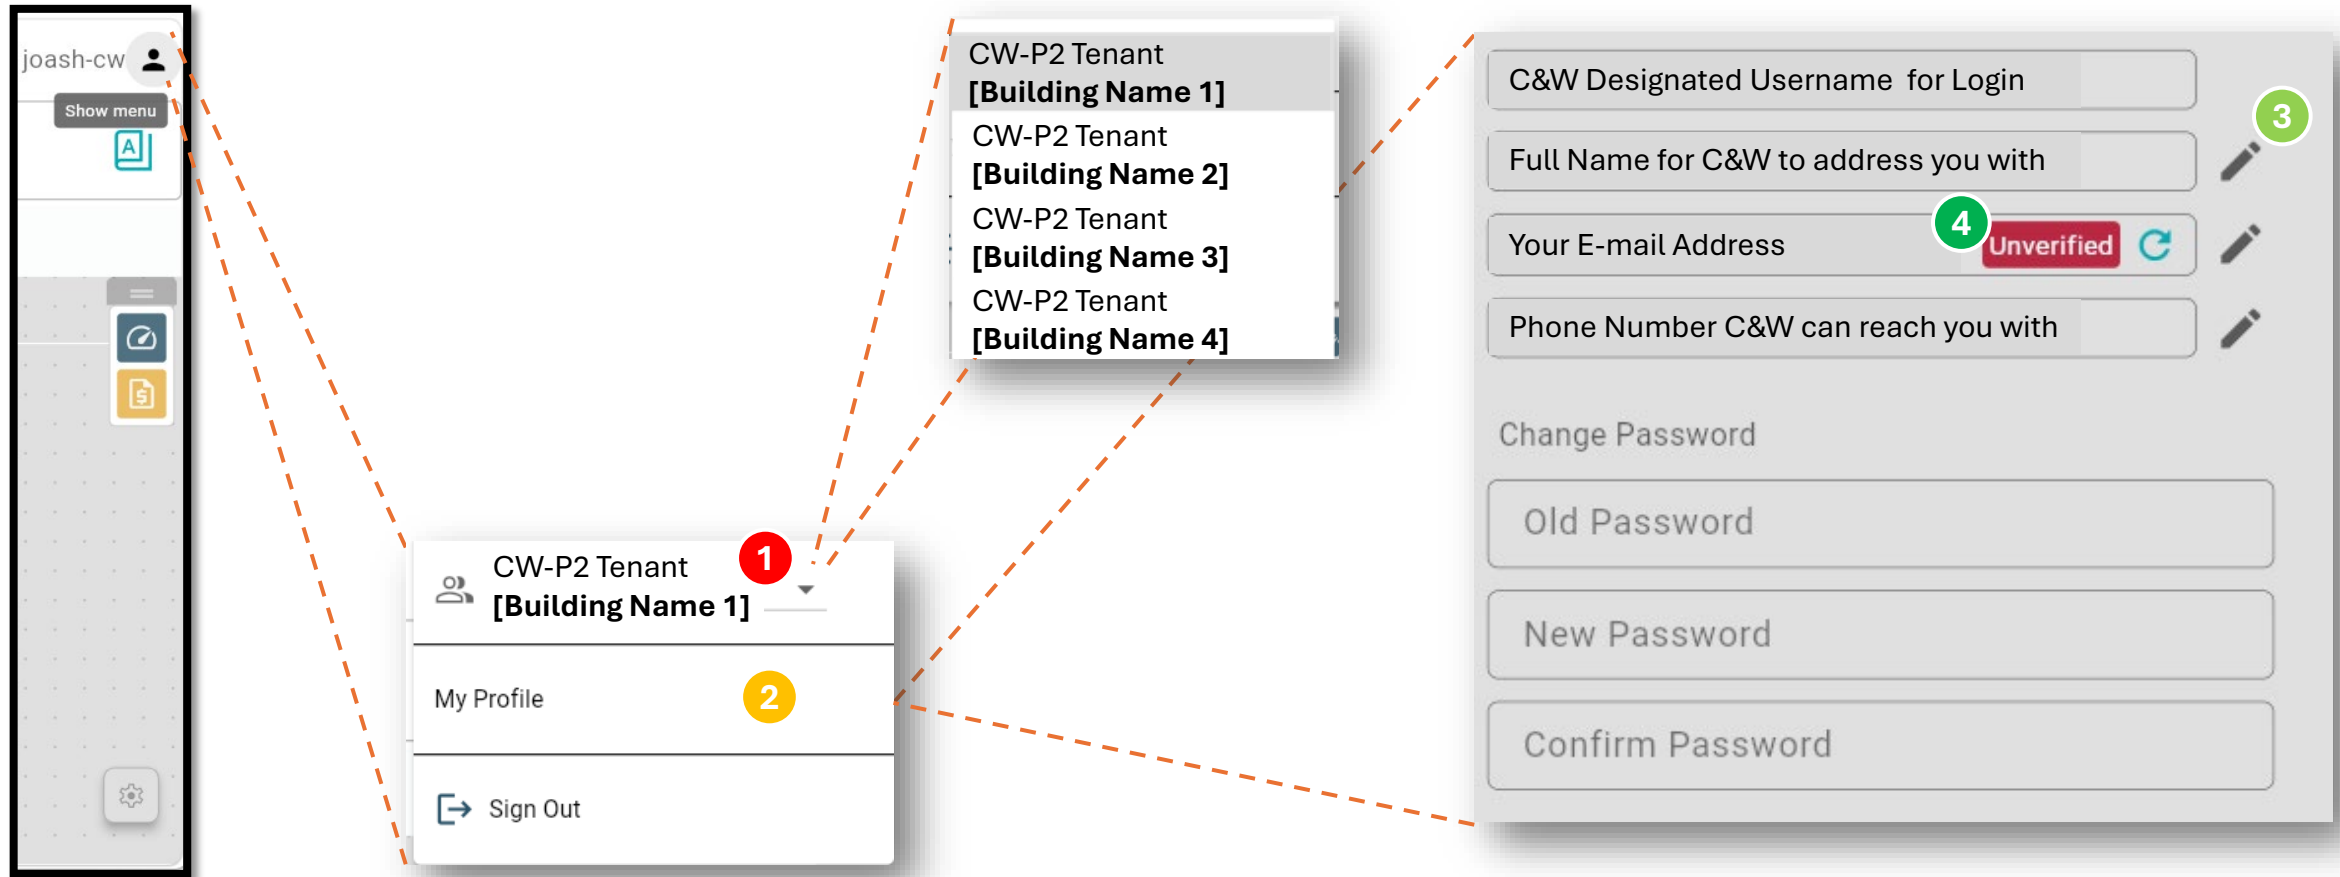

1 Profile Silhouette Icon: menu to (a) access different tenant profiles if you are a tenant across various properties that C&W is a utilities billing agent for; (b) access settings for account credentials

2 User Manual Icon: download latest user manual for Energy@Grid tenant portal

3 Meter / Dollar Icon: use either icons to toggle between the “Meter” or “Billing” Manager of your portal

4 Gear Icon: toggle between “dark mode” and “bright mode”. You can also reset the panel dimensions to the default setting

PORTAL NAVIGATION (2/3) – PROFILE SETTINGS

1 Click the **Dropdown Icon** to display the list of building properties you are a tenant at. Specify the building for which you wish to access tenant account details for

2 Click “**My Profile**” to access the panel to verify your e-mail, edit your account credentials and change password

3 Click on the **Pencil Icon** to edit profile fields that are editable

4 Please verify the e-mail address associated with your account by clicking the **Unverified** label. A verification e-mail will be sent to your indicated e-mail address to complete the verification

If you did not receive an e-mail to complete verification, please click the **Refresh Icon** and click the **Unverified** label again

PORTAL NAVIGATION (3/3) – TENANT SELECTION

- 1 Upon selecting the building premise (as per pg.5) for which you wish to access tenant details for, **the building or landlord acronym** will appear at the top of the portal for confirmation
- 2 Click the **Dropdown Button** to displays the tenant accounts in the specified premise which you have access to. Select the tenant account you wish to access billing and metering details for

ADVISORY NOTE

- Users would only be able to access billing and meter information on-screen, one tenant account at a time
- If you have multiple tenant accounts at the same building premise, you may consider consolidating them into a single billing account for management ease
- Please reach out to your C&W point of contact, or send an e-mail request to cwepc_ops@cwservices.com if you are interested to do so

The screenshot shows the 'Billing Manager' interface. At the top, there's a header with the C&W Services logo, navigation icons, and the user 'joash-cw'. A red circle '1' highlights the building/landlord acronym '[building / landlord]' in the top right. Below the header, a 'Tenant:' label is followed by a dropdown menu with the text 'Select tenant to view bills'. A yellow circle '2' highlights the dropdown arrow. Below the dropdown is an 'EMS' button. At the bottom, there are tabs for 'Tenant Bill' (selected) and 'EB Bill'. A dashed orange line connects the dropdown menu to a callout box below.

- 1 If you are on **Billing Manager** mode, this will show on the top left of the portal, and the **Billing Icon** on the right side-bar will light up
- 2 If your desired **Tenant Account** is already selected, **Tenant Bill Tab** will display all bills issued through the Energy@Grid portal for this account
- 3 To access a particular invoice, click on the **Dollar Bill Icon**

- 4 By default, bills are sorted from most recent to oldest. Click on any of the **Inverted Triangle Icons** to sort by any field properties
- 5 Have a quick view of your bill statuses using the P.Status and D.Status columns:

Payment Status (P.Status)

- unpaid Bill payment yet to be registered by C&W
- paid Full bill payment registered by C&W
- pp **"Partial-Paid"** Partial bill payment registered by C&W

Due Status (D.Status)

- norm **"Normal"** : Invoice is not yet due AND / OR full payment for invoice has been made
- od **"Overdue"** : Bill is past its due date AND bill is not fully paid.

ADVISORY NOTE

As payments require manual sighting, please allow up to 3-5 working days for reflection in portal

- 1** The Portal lists all billing fields by default. For a streamlined view, you are advised to check the following fields which you can access by clicking the gear icon
- ☐ **Bill** – to access the PDF bill
 - ☐ **Label** – the invoice no.
 - ☐ **P.Status** – payment status of invoice [paid, unpaid, partially paid 'pp']
 - ☐ **D.Status** – due status of invoice [normal, overdue 'o.d.']
 - ☐ **Due Date** – due date of the invoice
 - ☐ **Tenant Acc** – tenant utilities account number with C&W Services

- ☐ **Cycle** – billing cycle invoice is issued for (e.g., 2026-06, refers to invoice with billing start date in June 2026)
- ☐ **From / To** – utilities consumption period (or 'billing period') start and end date which invoice bills for
- ☐ **Cyc. Total** – all payable amounts relating to specified invoice, excluding any outstanding amounts carried forward from earlier invoices
- ☐ **Remaining** – If invoice is unpaid – "blank", if invoice is paid – "0.00", if invoice partially paid, "remaining invoice amount"
- ☐ **Building / Location** – Unit address of principal billing account for which invoice is issued for

Meter Usage Details for 3

2026-06-20 - 2026-07-01									
Electricity									
Building	Meter S/N	Location	First Reading V	First Reading T	Last Reading V	Last Reading T	10	Usage	Units
	28800902		107214.00	2026-06-20	107310.00	2026-07-01	st	96.00	kWh

2026-07-01 - 2026-07-20									
Electricity									
Building	Meter S/N	Location	First Reading V	First Reading T	Last Reading V	Last Reading T	10	Usage	Units
	28800902		107310.00	2026-07-01	107476.00	2026-07-20	st	166.00	kWh

ADVISORY NOTE

The invoice second page breaks down the utilities usage into its first / last read constituents, and provide additional details like the meter serial number and location.

This is especially helpful for tenant accounts that have multiple meters tagged to it for derivation of the utilities consumption for billing

Your invoice will slide up into the screen upon selecting the **Dollar Bill Icon** (see page 7).

1 Slide the sidebar or use the mouse wheel to scroll to the second page of the invoice.

2 Click the **printer icon** to print the selected bill

3 Click the **cloud icon** to download the bill invoice as a PDF file

BILLING MANAGER (4/4) – PAST INVOICE REPOSITORY

The screenshot shows the 'Billing Manager' interface. At the top, there's a header with the 'Billing Manager' logo and 'C&W SERVICES'. Below this, there's a tenant selection area with fields for '[Tenant Name]' and '[Tenant Account No.]'. A yellow button labeled 'EMS' is visible. The main area is titled 'List/Search Bill' and contains a search bar with the text 'C2550016' and a magnifying glass icon (labeled 2). To the right of the search bar is a red circle with the number 1, pointing to the 'EB Bill' tab. Below the search bar is a table with columns 'Invoice' and 'Download'. The table contains three rows, each with an 'Invoice no.' field and a download icon (labeled 3).

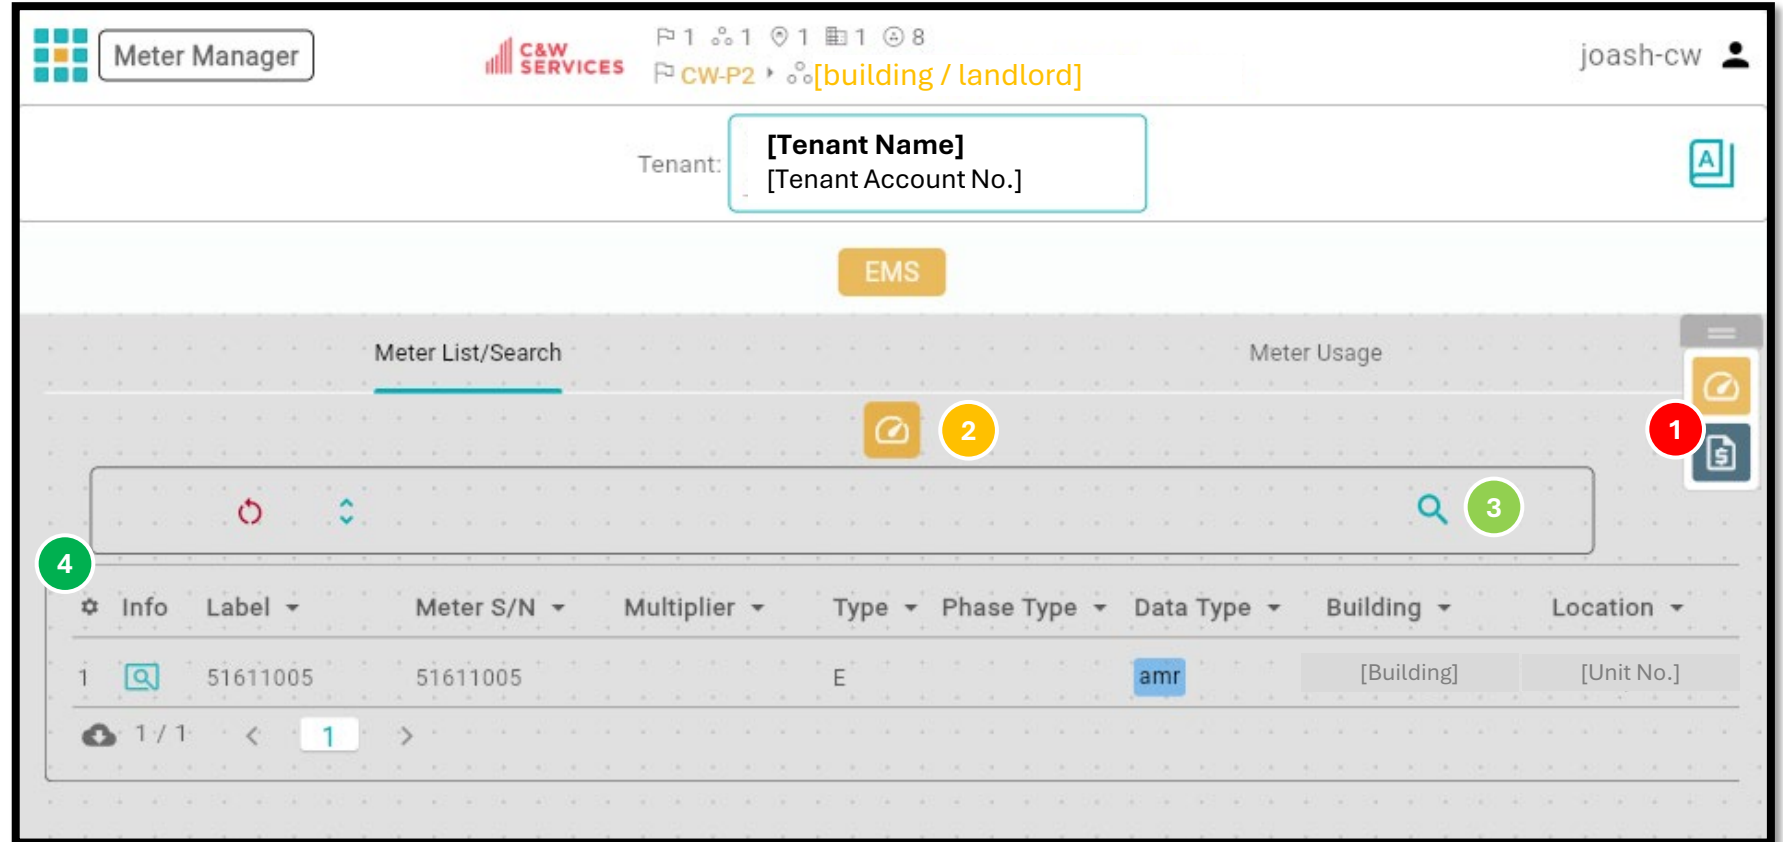

ADVISORY NOTE

As invoices issued prior to Energy@Grid will not be re-created in the portal, C&W will attach any outstanding invoice for your reference to facilitate timely repayment

- 1 Select **EB Bill** tab to access: (a) invoices issued outside of Energy@Grid; (b) references to previous Energy@Grid invoice copies if required
- 2 Select the **Search Icon** to fetch all reference invoices uploaded into your tenant account repository
- 3 Select the **cloud icon** to download the reference bill as a PDF file

METER MANAGER (1/3) – METERS LIST

- 1 Upon selecting the **Meter Icon**, you will land on the **Meter Manager** page, as indicated on the top left corner of the page
- 2 With **Meter List/Search** tab highlighted, select the **Meter Icon** in the middle of the screen
- 3 Select the **Search Icon** to fetch data from all utility meters associated with the tenant billing account
- 4 The Portal lists all meter fields by default. For a streamlined view, you are advised to check the following fields which you can access by clicking the gear icon

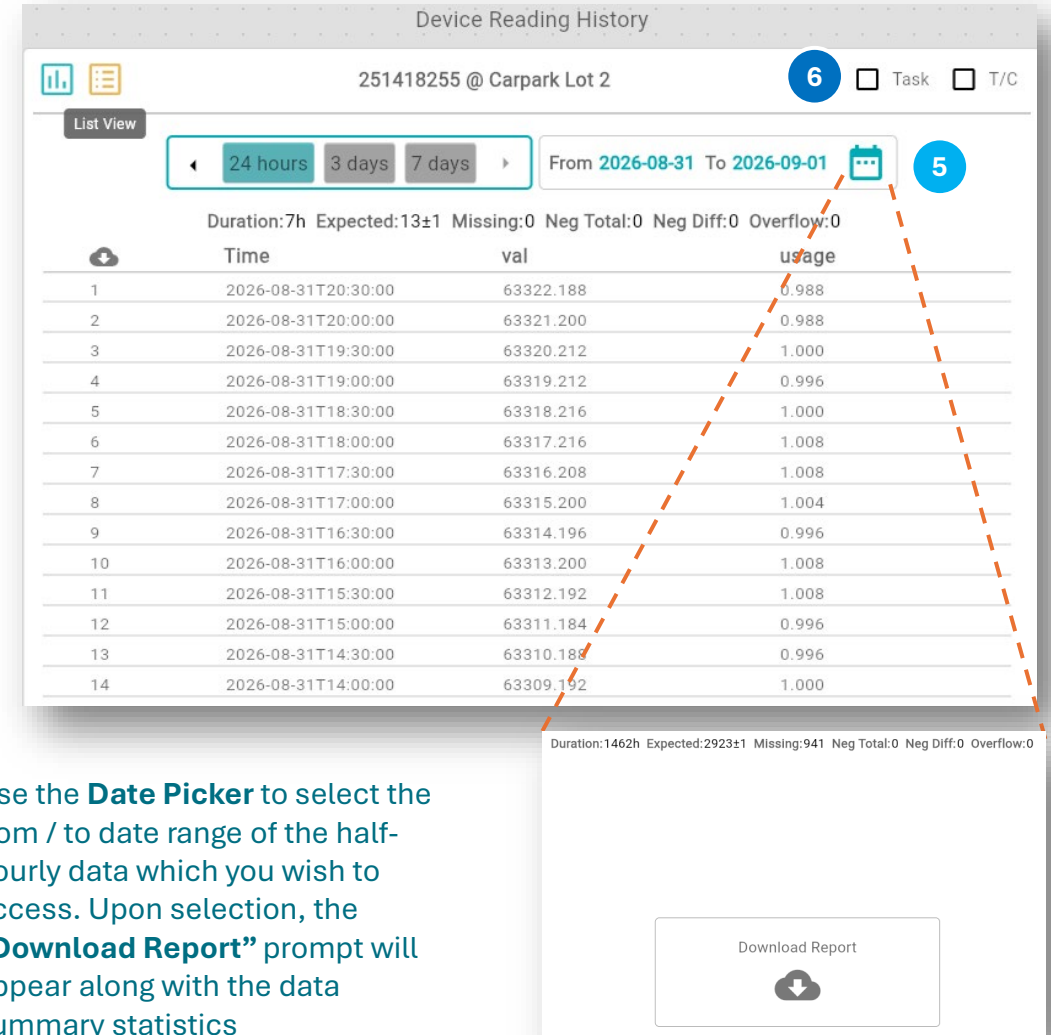

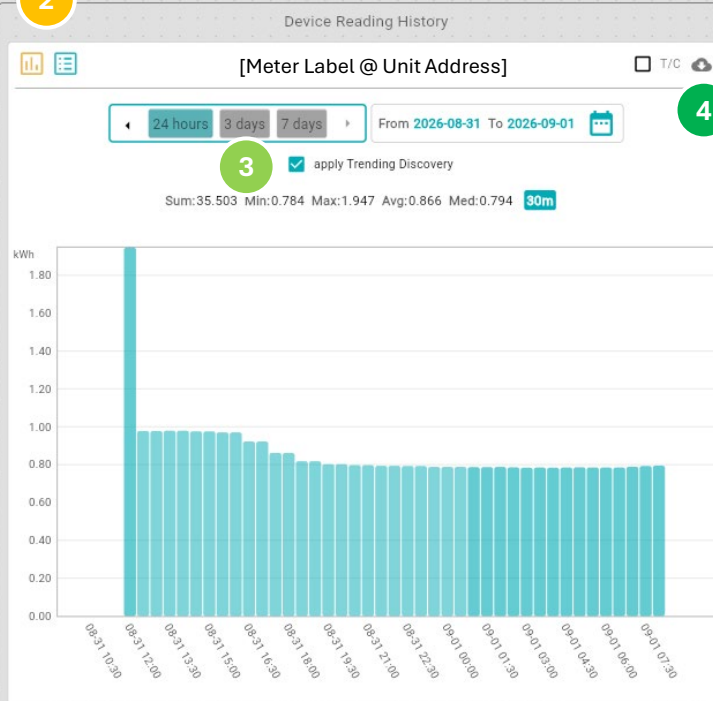

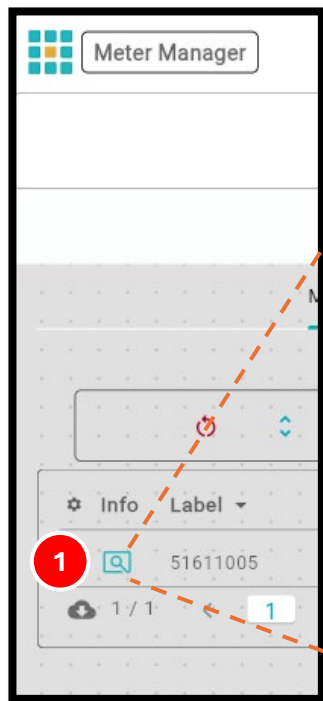

- ❑ **Info** – Info icon to access meter data visualisation
- ❑ **Label** – Meter identifier
- ❑ **Meter S/N** – Meter Serial Number
- ❑ **Multiplier** – Multiplication Factor that needs to be applied to meter reading before computation of utility usage
- ❑ **Type** – **E** : Electricity; **W** : Water; **B** : British Thermal Units ('BTU') for cooling

- ❑ **Phase Type** – phase type of the meter (e.g., single-phase, three-phase, etc.)
- ❑ **Data Type** – **AMR** : Automatic Meter Reading; **Manual** : Manual Meter Reading
- ❑ **Building / Location** – Unit address where meter is located

ADVISORY NOTE

Billing accounts with multiple meter units configured will list out multiple rows of meters with possibly different unit addresses

METER MANAGER (2/3) – 30 MIN DATA

- 1 Select the **Info Icon** to access the data panel for the selected meter.
- 2 Toggle between Chart Mode (**Chart Icon**) and List Mode (**Bullet List Icon**)
- 3 In Chart Mode, you can visualise your half-hourly meter usage for the last 24 hours, 3 days, or 7 days.

- 4 Download the visualised data as excel file by selecting the **Cloud Download Icon**

- 5 Use the **Date Picker** to select the from / to date range of the half-hourly data which you wish to access. Upon selection, the “**Download Report**” prompt will appear along with the data summary statistics
- 6 If the file is too large, or you would like to receive the report via e-mail, please check the “**Task**” checkbox

METER MANAGER (3/3) – METER USAGE

The screenshot shows the 'Meter Manager' application interface. At the top, there's a header with 'Meter Manager' and user information 'joash-cw'. Below this, a tenant dropdown is set to 'Starhub Mobile Pte Ltd'. A 'Meter Usage' tab is selected, indicated by a red circle 1. A date picker is open, showing 'Aug 2026' with a blue circle 2. A 'Time Range' section shows '2026-05' with a green circle 3, and a date range 'From 2026-05-01 To 2026-05-31' with a green circle 4. A search icon is highlighted with a blue circle 5. At the bottom, a table displays meter usage data, with the 'usage' column highlighted in green and a blue circle 7.

Label	Meter S/N	Multiplier	Type	Phase Type	Data Type	Building	Location	first reading time	last reading time	first reading	last reading	usage
1	51611005	51611005	E		amr	[Building]	[Unit No.]	2026-05-01 00:00:00	2026-06-01 00:00:00	77,002.57	78,225.27	1,222.70

- 1 Select **Meter Usage** tab to compute the utility usage on a meter basis
- 2 Select the **Meter Icon** in the middle of the screen to display the date picker prompt
- 3 Click on the **YYYY-MM** label to select the usage computation by month
- 4 Use the **Date Picker** to select the from / to date range of a more customised range

e.g., if Aug 2026 is selected, the portal will take the difference between the meter reading as at 01 Aug 2026 00:00 and 01 Sep 2026 00:00, to calculate the utility usage for the month of Aug 2026

- 5 Select the **Search Icon** to fetch the usage computation for all utility meters associated with the tenant billing account
- 6 If your account has more than one utility meter, you may have to select a specific utility meter type by displaying the filter fields using the **Filter Icon**

- 7 If the required meter reading data is available and the computation is successful, the usage will be reflected in the '**Usage**' column in green
