2. Page Display Settings

- 1 Click on the **gear icon** to toggle between “dark mode” and “bright mode”. You can also reset the panel dimensions to the default setting
- 2 Select the **meter icon** and the **bill icon** to toggle between the meter and the billing manager functions in the portal

DISPLAY NAVIGATION

Zoom In

Zoom Out*

**Note: in some instances, key icons are not visible until the screen is sufficiently zoomed out*

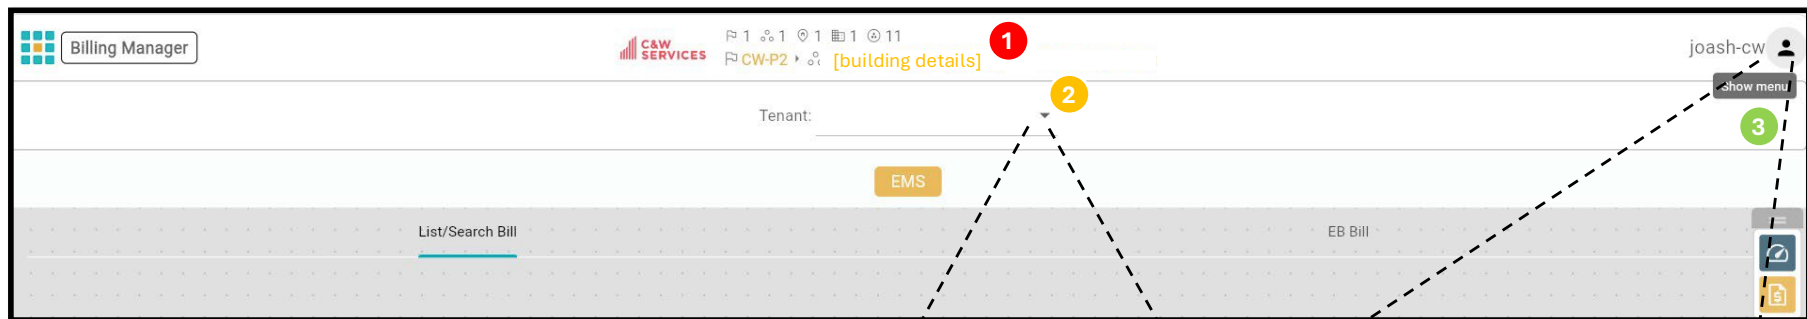

Slide Left / Right^

^Note: when too many fields are chosen, user would need to place cursor on the content table and slide left/right to scroll through selected fields

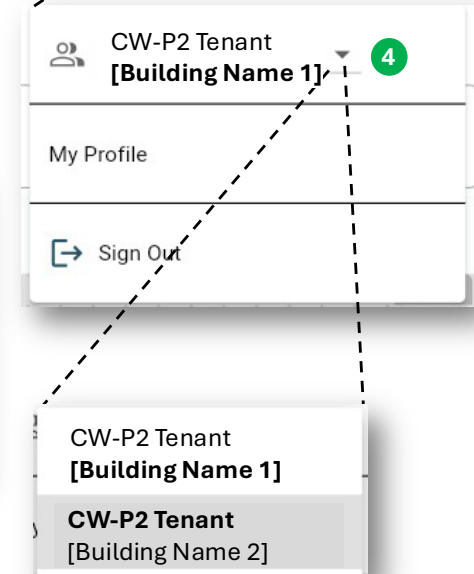

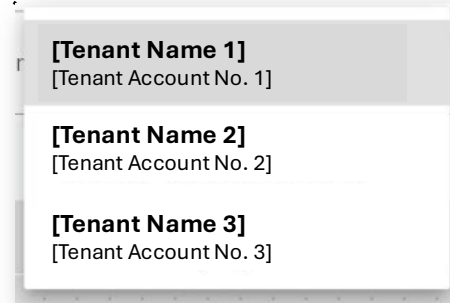

3. Tenant Account Selection

Upon successful login, you will arrive at the Billing Manager as the initial landing page. This is where you will access your bills for your associated tenant accounts

If your user account/e-mail is associated with multiple tenant accounts, you may perform the following steps to toggle between your various accounts.

- 1 Details of specified building premise for which you are a tenant at
- 2 Click the dropdown button to displays the tenant accounts in the specified premise which you have access to. Select the tenant account you wish to access billing and metering details for
- 3 Should you wish to access tenant accounts in another building premise, click on the profile icon next to your username to access the dropdown list
- 4 Click the dropdown button to display the list of building premise. Specify the building for which you wish to access tenant account details from. Follow up with step 2.

4. Billing Manager

Upon specifying the tenant account you wish to access details for you may instructions in the following sections to access your bills issued under the Energy@Grid system for the specified account

4.1 Bill List/ Search

The screenshot shows the top section of the Billing Manager interface. It includes a search bar with a magnifying glass icon (labeled 1) and a tenant selection dropdown menu. The tenant selection menu is open, showing 'Tenants' and 'Accounts' tabs. Under the 'Accounts' tab, '[Tenant Name 1]' and '[Tenant Account No. 1]' are selected. An 'EMS' button is visible below the tenant selection. The interface also shows a 'List/Search Bill' tab and an 'EB Bill' button.

The screenshot shows a table of bills with the following columns: Bill, Label, P.Status, D.Status, Due Date, Tenant Acc, Cycle, From, To, and Cyc.Total. The table contains three rows of data. The first row is highlighted with a green circle (labeled 3) and a green circle (labeled 4) indicating the search icon and the bill details respectively. The second row is highlighted with a green circle (labeled 2) indicating the gear icon for field selection. The third row is highlighted with a green circle (labeled 1) indicating the search icon.

Bill	Label	P.Status	D.Status	Due Date	Tenant Acc	Cycle	From	To	Cyc.Total
1	ITECW-2026-06-00020	unpaid	norm	2026-08-07 00:00:00	[Account No. 1]	2026-06	2026-06-01 00:00:00	2026-07-01 00:00:00	343.62
2	ITECW-2026-05-00162	paid	norm	2026-07-08 00:00:00	[Account No. 1]	2026-05	2026-05-01 00:00:00	2026-06-01 00:00:00	364.95
3	ITECW-2026-04-00003	paid	norm	2026-06-09 00:00:00	[Account No. 1]	2026-04	2026-04-01 00:00:00	2026-05-01 00:00:00	357.39

1 Click the search icon to list out all bills issued within Energy@Grid for the specified account

3 To access the invoice, click on the dollar icon

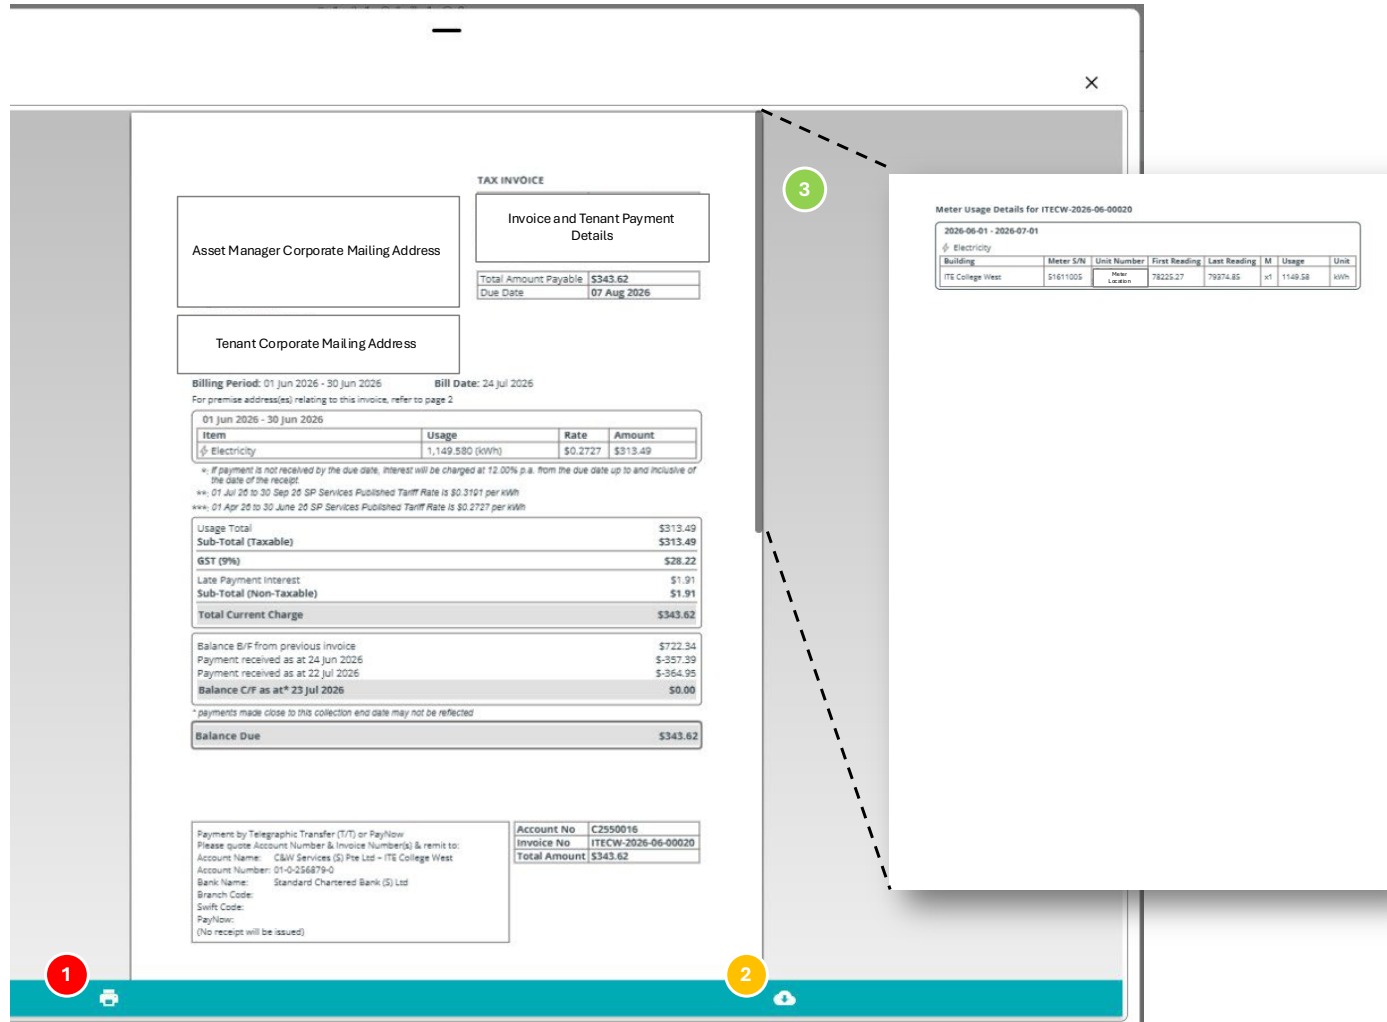

4 Bills are sorted by order of recency. Click on any of the inverted triangle icons to sort by other field properties

The screenshot shows a dropdown menu for field selection. It lists the following fields: Bill, ID, Name, Label, Gen.Type, and Creation. The 'Bill' field is selected, and the 'Set' button is visible at the bottom.

2 System lists all billing fields by default. For a streamlined view, you are advised to check the following fields which you can access by clicking the gear icon

- ☐ **Bill** – to access the PDF bill
- ☐ **Label** – the invoice no.
- ☐ **P.Status** – payment status of invoice [paid, unpaid]
- ☐ **D.Status** – due status of invoice [normal, overdue 'o.d.', partially paid 'pp']
- ☐ **Due Date** – due date of the invoice
- ☐ **Tenant Label** – corporate name associated with tenant account
- ☐ **Tenant Acc** – tenant utilities account number with C&W Services
- ☐ **Cycle** – billing cycle invoice is issued for (e.g., 2026-06, refers to invoice with billing start date in June 2026)
- ☐ **From / To** – utilities consumption period (or 'billing period') start and end date which invoice bills for
- ☐ **Cyc. Total** – all payable amounts relating to specified invoice, excluding any outstanding amounts carried forward from earlier invoices

4.2 PDF Bill Preview / Download

The screenshot shows a PDF bill preview interface. At the bottom left, a red circle with the number 1 points to a printer icon. At the bottom center, a yellow circle with the number 2 points to a cloud icon. On the right side, a green circle with the number 3 points to a sidebar area that is being scrolled to reveal a second page of the invoice.

Meter Usage Details for ITECW-2026-06-00020

2026-06-01 - 2026-07-01							
Electricity							
Building	Meter S/N	Unit Number	First Reading	Last Reading	M	Usage	Unit
ITE College West	51611005	Room Location	76225.27	76374.85	kWh	1149.58	kWh

1 Click the printer icon to list out print the selected bill

2 Click the cloud icon to download the bill invoice as a PDF file.

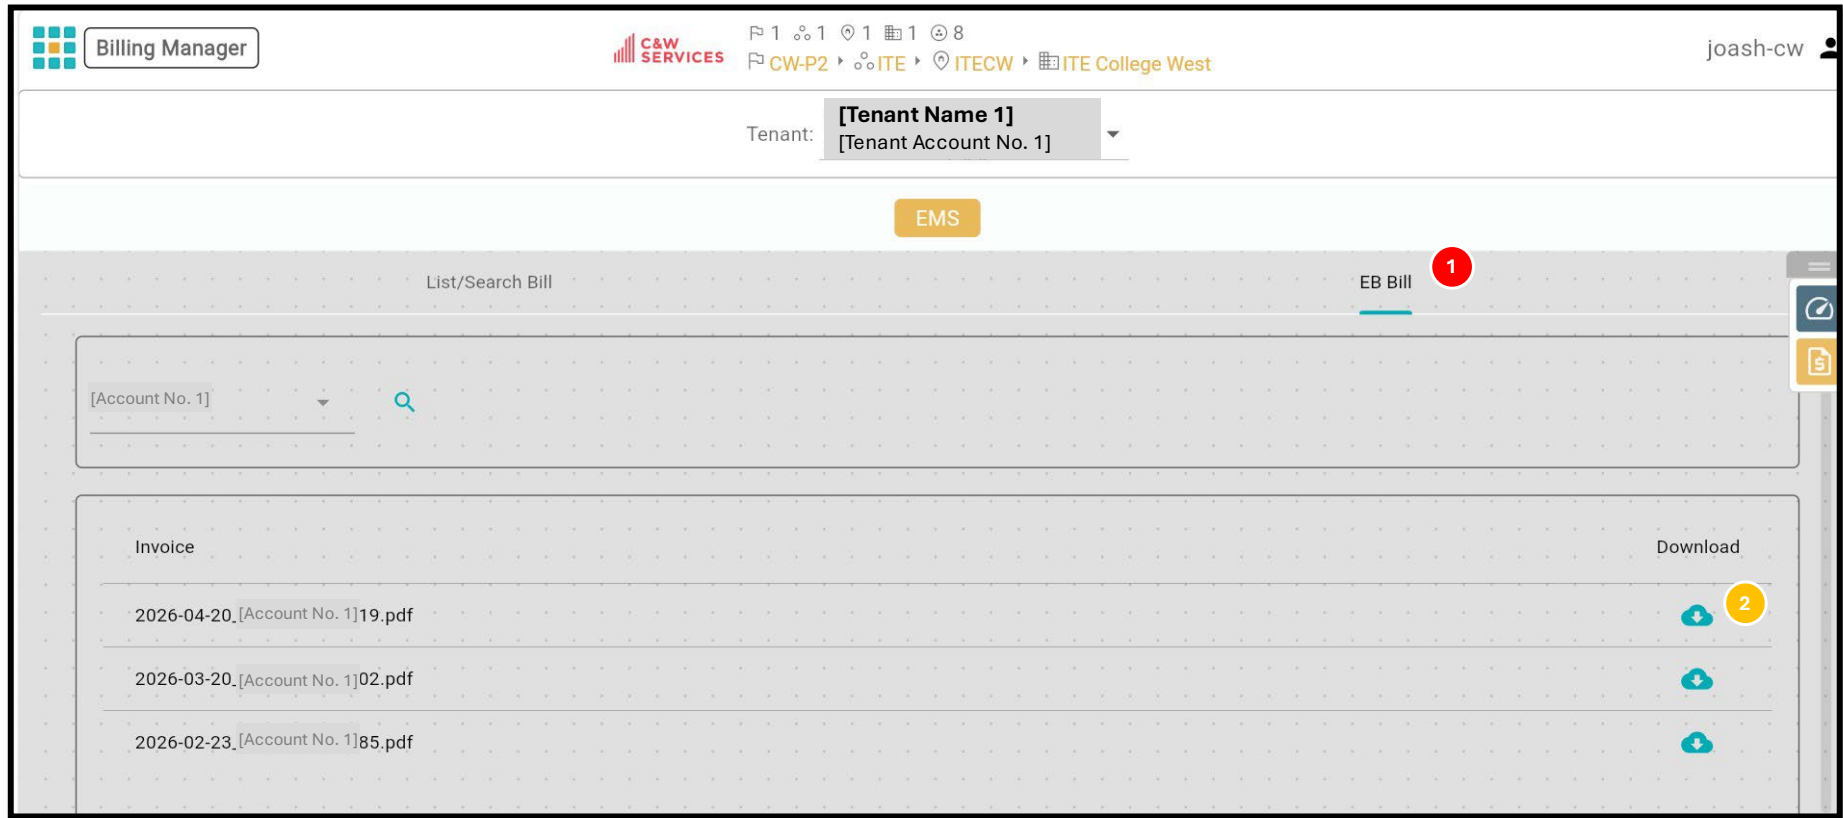

3 Slide the sidebar or use the mouse wheel to scroll to the second page of the invoice.

The invoice second page breaks down the utilities usage into its first / last read constituents, and provide additional details like the meter serial number and location.

This is especially helpful for tenant accounts that have multiple meters tagged to it for derivation of the utilities consumption for billing

4.3 Past Bills Not Issued Under Energy@Grid

Where necessary, C&W Services may make available past invoices not issued under Energy@Grid for the tenant's reference – for instance, where the tenant has outstanding amounts due from past invoices.

The screenshot shows the Billing Manager interface. At the top, there's a header with the C&W SERVICES logo, navigation links (CW-P2, ITE, ITECW, ITE College West), and a user profile (joash-cw). Below the header, there's a tenant selection dropdown showing "[Tenant Name 1]" and "[Tenant Account No. 1]". A yellow "EMS" button is visible. The main content area has a "List/Search Bill" section with a search bar containing "[Account No. 1]". To the right, there's a tab labeled "EB Bill" with a red circle and the number "1" next to it. Below the search bar, there's a table with the following data:

Invoice	Download
2026-04-20_[Account No. 1]19.pdf	 2
2026-03-20_[Account No. 1]02.pdf	
2026-02-23_[Account No. 1]85.pdf	

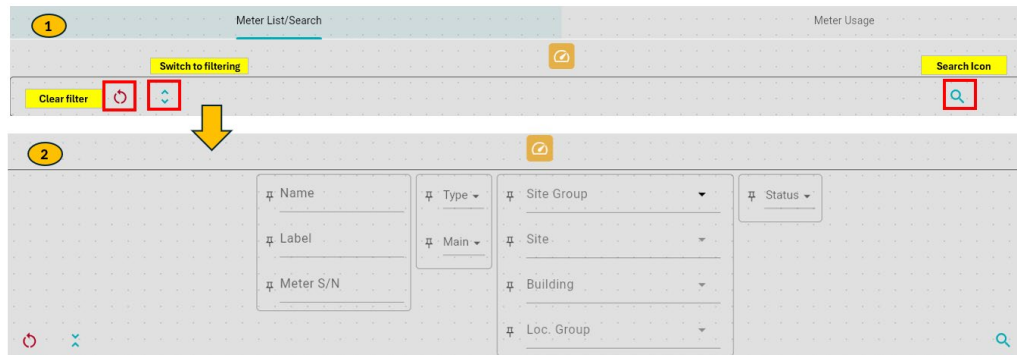

1 Select **EB Bill** tab to access invoices issued outside of Energy@Grid

2 Click the **cloud icon** to download the past bill as a PDF file

5. Meter Manager

To access the meter data in your account, click on the **Meter Manager** button on the right side.

5.1 Meter List

Click the search icon to list all meters, to apply filter there is filtering option see the image above.

All the meters belong to the selected account will be displayed as below Click the **settings** button indicated in red in the image below, to modify the columns displayed. Once you set it, it will auto save and displayed accordingly on your next login.

Column fields and explanation

1. **Name:** System generated unique ID for the meter.
2. **Label:** Label given to the meter for easier identification.
3. **Meter S/N:** Meter Serial No as stated on the electric meter physically.
4. **Type:** Electric = E, Water = W, BTU = B. These are different types indicated.
5. **Main:** Tenant meters are mostly sub meters. Tenants may ignore this column, as its only relevant to landlord meters in most cases. **Yes** = Main meter of the building, mostly its landlord MSB meters.
6. **Status:** **norm** = good and receiving readings, **maint** = under maintenance, **dc** = disconnected

7. **LRT:** Last Received Time, time when the last readings was received.
8. **Site Group:** Landlord name
9. **Site:** Site location
10. **Building:** Building name
11. **Loc. Group:** Level of the building
12. **Location:** Unit no.

Click the **search** icon on the right side to do meter trending.

List view, click the list icon (indicated in image above) to view the meter reading. See the 30min interval reading for the selected time.

Up to 7 days readings will be displayed on this page. To see data between 7 days and 6 months, download it into csv format for analysis.

5.1 Meter Usage by Date Range

1. Filter by building, Level, Meter SerialNo, Meter Status based on user preference.
2. To select the time there is a quick selection box to select month, otherwise can use the selected date range.
